An exploded view diagram of a manual transmission assembly. The diagram shows various components including gears, shafts, bearings, and synchronizers, arranged in a disassembled state to show their relative positions and assembly sequence. Dashed lines indicate the alignment and fit of the parts. The parts are numbered from 1 to 55, with some numbers appearing multiple times for identical components. The assembly is shown in a perspective view, with the main shaft and gear train running horizontally across the center.
